Programmation

PHP, Laravel, Python, bash scripting, Javascript, jQuery, Vue.js.

Most of my projects are available on github.com/anto2oo

System administration

Bash scripting, good knowledge of the Linux kernel, Docker, virtualization (Proxmox), install and setup of the LAMP (or LEMP) stack.

Knowledge of AWS, DigitalOcean, Cloudflare...

Others

Routing, SQL databases (MySQL, Postgres...) and NoSQL (MongoDB), enterprise telephony (IPBX).

Languages

Good English level. Bases in German. Native french speaker.

Experiences

Ateros / Small business

2018-now

This small business has taught me customer relations skills, and responding to pressure to ensure SLAs are respected.

Interests

Travel

Travelling across Europe and to the United States opened me to foreign cultures and lifestyles.

Sports

I love skiing and I'm doing it each winter since 10 years.
